

# Staying Covid-19 Secure in 2020

We can confirm we have complied with the Government's guidance on managing the risk of Covid-19

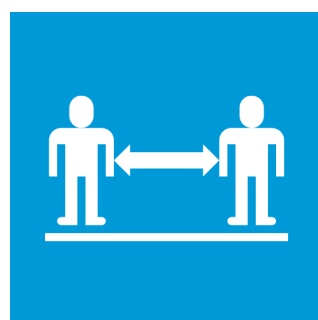

## ● 6 steps to safer working together ●

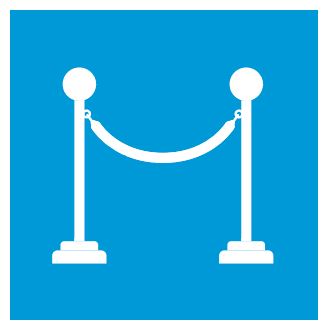

We have carried out a Covid-19 risk assessment and are sharing the results with people who work at and use the airport

We have cleaning, handwashing and hygiene procedures in line with guidance

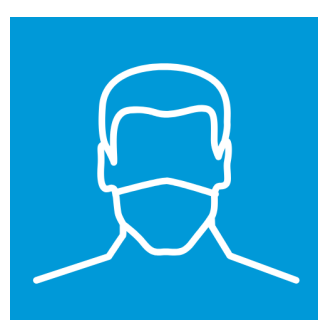

We have taken reasonable steps to maintain social distancing throughout the customer journey

Where people cannot be 2m apart, we have taken practical measures to manage transmission risk, including the use of face coverings, physical barriers and thermal imaging

We are restricting the entry to the terminal to passengers and airport personnel to manage transmission risk

You are required to wear a face covering when in the security area, on airport buses, in Immigration and in the baggage hall. We strongly recommend you to wear a face covering in all other areas in the airport.\*

\*you will not be required to wear a face covering if this is not possible for medical, religious or age reasons.
